

## DAIRY FARM - DEFIANCE, OH

### PROJECT DESCRIPTION

A dairy farm in Defiance, OH, utilized FORTA-FERRO<sup>®</sup> to reinforce a slab-on-ground application for the facility's compost storage. The slab was **required to be extremely durable and capable of withstanding heavy weights**. FORTA-FERRO<sup>®</sup> is 100% alkali proof which **helps the fiber withstand highly acidic environments** like that of cow manure. These types of acidic environments normally contribute to the breakdown of other reinforcement methods, like welded wire and steel rebar.

### KEY POINTS

- Cost Savings
- Extreme Durability
- Acid Resistant

### DETAILS

**Date:** Summer 2017

**Location:** Defiance, OH

**Dosage:** 3.0 lbs. / cu. yd.

**Fiber:** FORTA-FERRO<sup>®</sup> 2-1/4"

**Owner Type:** Individual

**Application:** Slab-on-Ground
