

## FOREST VIEW PLAZA - WEXFORD, PA

### PROJECT DESCRIPTION

FORTA-FERRO<sup>®</sup> was specified for slab-on-ground and slab-on-metal-deck applications for Forest View Plaza, a new retail and office facility, in Wexford, PA. The fiber reinforced concrete was **pumped and tailgated easily**. The use of FORTA-FERRO<sup>®</sup> allowed for **reduced construction time which translated into lower project costs**.

### KEY POINTS

- Reduced Cracking
- Mixed and Pumped Easily
- Cost Effective
