

FMC GREENFIELD - HOUSTON, TX

PROJECT DESCRIPTION

FMC Greenfield was in need of a superior reinforcement method for their slab-on-ground application. After considering their needs, they specifically requested FORTA-FERRO[®] for the job. After the project owners and specifiers witnessed the ability for FORTA-FERRO[®] to be easily **integrated into the normal mixing, placing and finishing procedures they were extremely pleased with the results.** After a successful project, FMC Greenfield agreed to keep FORTA-FERRO[®] in mind for all of their future projects.

KEY POINTS

- Cost Reduction
- Superior Reinforcement
- Easily Mixed, Placed and Finished
