

Sunbelt Rentals

Date: 2023

Location: Ambridge, PA

Advantage: Time-Saving,
Easy to Use

Technical Specifications

- Application:** Slab-on-Ground (Interior)
- Fiber Reinforcement:** FORTA-FERRO[®] 2-1/4"
- Dosage:** 3.0 lb/cu yd
- Replaced:** Specified 6x6-W2.9xW2.9
- Delivery Method:** Tailgated
- Finishing Method:** Broomed/Hard Steel Troweled

This new interior floor was designed to tie into existing concrete and would have been very difficult to use any type of traditional steel reinforcement. This project also combines two different types of finishes, and **FORTA-FERRO** macro synthetic fiber worked well in both situations.
