

National Pump

Date: 2022

Location: Lubbock, TX

Advantage: Cost Savings

Technical Specifications

Fiber Reinforcement: FORTA-FERRO[®] 2-1/4"

Application: Pavement

Doasge: 3.0 lb/cu yd

Total Project Size: 300 cu yd

Replaced: Steel Reinforcement

Finishing Method: Broomed

This newly constructed parking lot, at a distribution location for National Pump, includes forklift as well as high volume truck traffic. The contractor preferred to use **FORTA-FERRO** macro synthetic fibers **instead of rebar for safety, supply chain concerns, and cost savings.**
