

Great Lakes Cheese

Date: 2021

Location: Plymouth, WI

Advantage: Superior Finish

Technical Specifications

Fiber Reinforcement: FORTA-FERRO[®] 2-1/4"

Application: Pavement

Dosage: 5.0 lb/cu yd

Finish Method: Broomed

Martell Construction, the contractor, prefers to use **FORTA-FERRO** macro synthetic fiber reinforcement instead of traditional steel reinforcements. **FORTA-FERRO** worked well in the exterior pavement application at a dosage rate of 5.0 lb/cu yd. A roller screed and broom finish were used to complete this project. Owners and contractors were happy with the final product.
